

## COMMUNITY POLICY

Mabiza Resources Limited ("Mabiza") recognizes that the Munali Mine plays an integral part in society and impacts on the wider community in various significant ways. As such Mabiza needs to operate and act in a responsible manner at all times.

At Mabiza, we will therefore undertake to develop positive relationships with the community based on mutual understanding and respect on behalf of all our directors, employees, company officials and company representatives.

To build long term partnerships is an integral part of our operations and we seek to achieve this by:

- Valuing and respecting human rights;
- Engaging stakeholders by ensuring open communication and operating in a transparent manner;
- Respecting cultural diversity and protecting cultural values;
- Ensuring behaviour consistent with company values at all times.

Mabiza' business is in mineral exploration, mine development, production and making positive contribution to the community particularly in the area of health, education and agricultural activities. The company will thus:

- Encourage and support specific community development projects;
- Encourage and support initiatives to enhance social benefits;
- Identify and facilitate opportunities for employment, training and business linkages to ensure local business development.

Mabiza will monitor all its activities and interactions with the community as a stakeholder to its core operations- The company will benchmark with best practices and continuously engage the community in all its intentions with respect to community activities to ensure that maximum benefits are realized by all stakeholders.

Specific Corporate Social Responsibility focus areas of engagement with the community will be health, education and agriculture activities.
